Business Cards Online - A *REAL* SOLUTION!

Do you recognise any of these problems?...

- Is a disproportionate amount of time being spent by your administration staff processing business card orders for your Directors, Sales Team, and other Personnel?
- Do you experience printer delays and inaccuracies?
- Do you wait longer than 5/7 working days for your business card orders to be delivered?
- Do you sometimes see interference with the corporate design and layout of the company's corporate image when ordered from another branch or individual?
- Have you experienced difficulties when you want a business card printed very urgently or in a foreign language?

If your answers is **yes** to any one... or perhaps **all** of these questions, then you really would benefit from talking to us... we have the right answer for your company.

Now there is a permanent solution

Order your business cards ONLINE... branded and linked to YOUR website!

Let us demonstrate a system to you that would...

- Cut up to 90% of administration time spent on processing card orders
- Wipe out delays and printer errors forever
- Turn around card orders in 7 days or less
- Give you total security over **who orders, when they order and what they order**, plus... give you total protection of your company's corporate image!
- Allow your staff to order business cards **from anywhere** in the world, **set in almost any language** of the world, **despatched to any country** in the world, all at the click of a button, all **totally and securely** controlled by the administrator of your choice.

Wouldn't that be of benefit to you?

Apart from a small set-up charge, you may even find you will be paying less for your business cards than you were before! That would give you twice the benefit... by a huge saving in administration time *and* a possible further saving in production cost.
